

# Helping Mid-Size Multinationals thrive

In 2025, mid-size multinationals face complex global risks, with The World Economic Forum's Global Risks Report 2025 highlighting escalating trade and geopolitical tensions as key business concerns.<sup>1</sup> Allianz Trade's tailored trade credit insurance protects your cash flow, streamlines operations, and supports global growth. Here's how:

1

## Tailored coverage

For businesses with up to €300M in insurable turnover and at least two foreign subsidiaries, our solution offers specialized trade credit insurance across multiple markets.

**Benefit:** Protect your cash flow and revenue despite economic challenges.

2

## One master agreement

We centralize trade credit insurance under a single master agreement, improving efficiency and ensuring consistent terms.

**Benefit:** Simple, transparent negotiations for global and local needs.

3

## Proactive risk management

With data on 85 million companies in 160+ countries, we help identify risks early, reducing bad debt and instability.

**Benefit:** Worldwide protection against defaults, insolvency, and political risks.

4

## Local support

Multilingual policies and local experts ensure compliance and clear communication.

**Benefit:** Seamless global-local strategy alignment.

The A-Team can help

Protect your Mid-Size  
Multinational from trade  
credit risks with Allianz Trade.
